THANK YOU!

Who are we?

...13 Austrian 12th form students of BORG_Kurzwiese
- school in Eisenstadt, Austria

What is our plan?

...organising an aid project for the students of Sri
Anandamayi Ma Ashram School in Omkareshwar, India

Who inspired the idea of this project?

... our geography teacher Mag. Michael Vlaschitz, who
supported the school privately before

Who benefits from our help?

... children in need who attend Sri Anandamayi Ma
Ashram School.

Description of our project

Since March 2015 we are holding weekly meetings, in which we are discussing our progress and bring in new ideas.

We are aiming on carrying out our project in early February 2016 in Omkareshwar.

We would like to install a water- treatment- plant for the school. Furthermore, we want to support the school monetarily.

In addition, we are intending on providing the kids with music instruments and sports equipment to bring them closer to our European culture.

We are in constant contact with the principal of Sri Anandamayi Ma Ashram, to find out more details in their current way of living.

At the moment the habitants of Omkareshwar are heaving critical issues with the Indian government. As there is going to be a mega event on the island in 2016, they are forcing the people to leave their homes on the island Omkareshwar. Thus, the school has to be rebuilt in the nearby town called Maheshwar. In this process we want to help!

About the school

Sri Anandamayi Ma Ashram School was found in 2011 by Swami Gurusharananda and Swami Mangalananda. There, poor children between 4 and 14 are given the chance of education to be able to live a better life than their parents. By now, the school is well known and highly esteemed around the area of Indore.

The private school is based on donations without governmentel support.

Location of the school

The original schoolbuilding is located on the island of Omkareshwar, the new one in the nearby town Maheshwar. Both towns are around 80kms away of the city Indore.

What we need

Along with material also financial sponsorship for our aid project.

In addition we would really appreciate further aid for the implementation of our project including administrative costs.

Why should you support us?

Your business gets drawn into attention through:

- Advertisement on our Website
- Advertisement on our blog
- Advertisement on our Facebook page
- Product placement on our documentary film
-

and through references per media (newspapers, documentary film)

In advance, thank you very much for your support!

,Lots of love, light and smile from Omkareshwar'
